One year manufacturer's warranty

FINALLY, an automatic pill grinder that can dispense directly over food/beverage!

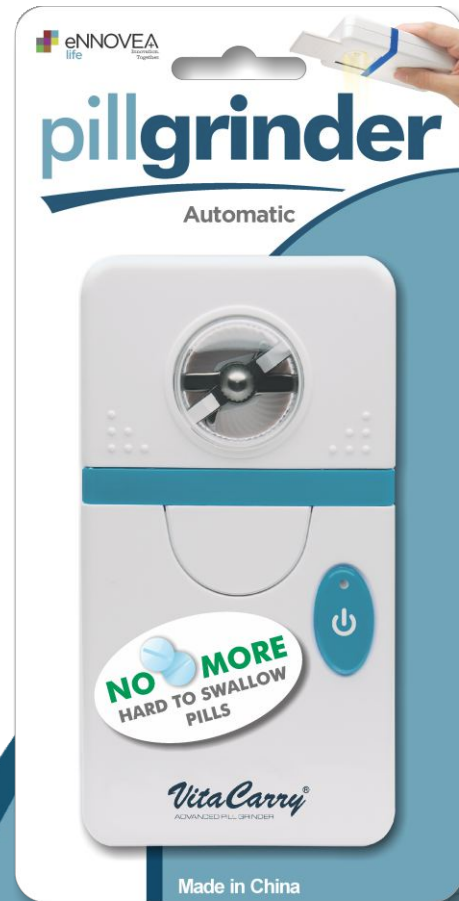

More than 12% of the US population over 65 is now clinically diagnosed with dysphagia (having difficulty swallowing) and over 60% report some difficulty.

With that alarming trend, it's little wonder why our handy Power Pill Grinder has been so popular. In fact, it is one of the most sought after products we have brought to market thus far.

At eNNOVEA life, we recognize the importance of medication compliance. By making better tools available, we can all contribute to helping consumers achieve healthier outcomes.

The Power Pill Grinder is just one of many innovative solutions we have designed to help people manage their personal health challenges more successfully. Contact us today to learn more.
